Please join my noon call that randomly had been set up with NOAA on a semi-related issue.

Dave

I can follow up with the NMFS Director if you think it will help expedite. He is an Alaskan that I have known for years.

Deliberative/Predecisional

Dave and David,

I'm going to miss tomorrow's call – as it is in the middle of an event with the Administrator. Apparently, a new issue that has arisen – raised by NMFS. (See note from Jeaneanne below.) I will work to catch you, Dave, by phone sometime tomorrow to follow up.

Talk to you soon,
Mary

Deliberative – Do Not Release

Mary,

As a reminder I will not be on the bi-weekly call tomorrow with OW/OGC/OECA and Region 4. It was rescheduled to a time when I will be on a plane. I am not sure if you are available either, but wanted to make you aware of an issue that has come up and that will be touched on during the call.

Ex. 5 Deliberative Process (DP)

As I said, I wanted you to have a heads up so that you didn't learn of this on the call but if you are not on the call, I will plan to update you on Friday with any outcomes and next steps.

If you would like to discuss this further before the call, I am available this afternoon until about 4:45 or after 8:15 this evening. I will be leading our public hearing this evening from 5 – 8:15.

Safe travels

Jeaneanne
